EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ramyar M. Farid on February 21, 2006.

The application has been amended as follows:

"foil so as to include adhesion surface regions where said protective agent does not exist" (claim 13, lines 4-6) has been changed to: --foil which provides a wiring layer, so as the adhesion surface includes adhesion surface regions, wherein said protective agent does not exist on said adhesion surface regions--.

"conductor foil" (claim 13, line13) has been changed to: --conductor foil to form a circuit board--.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or suggest the method of manufacturing a circuit board, especially the step of dispersing and forming protecting agent on an adhesion surface of the conductor foil such that the adhesion surface having adhesion surface regions where the protective agent does not exist or form on these regions, alone or in combination with the rest of the limitations set forth in the present invention's claims (i.e., see claim 13 as amended).

Art Unit: 3729

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Donghai D. Nguyen whose telephone number is (571)-272-4566. The examiner can normally be reached on Monday-Friday (9:00-6:00).
